AMERICA'S CAR SHOW WITH TOM TORBJORNSEN

moves to AM 1270 WHLD beginning this Saturday, October 7th from 11a-2p ET

(Buffalo, NY - 2 October 2006) – Tom Torbjornsen in association with his national syndicator, Syndicated Solutions, Inc. - (SSI) announced today that *AMERICA'S CAR SHOW WITH TOM TORBJORNSEN* and *AMERICA'S CAR SHOW MINUTE* has reached an agreement to shift its flagship radio station in Buffalo to AM 1270 WHLD. The program will continue to be broadcast live on Saturdays, 11a-2p ET.

Fast-paced & interactive, *AMERICA'S CAR SHOW WITH TOM TORBJORNSEN* embodies Results Radio! The program is heard on 105+ weekly radio affiliates plus XM Satellite Radio, Armed Forces Radio Network and iRadioNow.com. Since 1993, host Tom Torbjornsen has been a top rated weekend show in Buffalo, enjoying a perpetual state of sell-out. Syndication success has been just as rewarding for affiliates, sponsors and Tom alike! Truly America's #1 Automotive Expert, with over 30 years in the automotive industry and fourteen years on radio, Tom attracts listeners with his unique and entertaining style, expert advice, topical guests and enthusiasm for cars. This is *AMERICA'S CAR SHOW*, and one listen will have you understanding why Tom keeps folks (both listeners & advertisers) coming back for more. Simplifying the complex, tearing down the technical and presenting clear/helpful information...Tom has the answers. This show is for anyone who owns a car, truck, motorcycle, etc. - not just the backyard mechanic as automotive consumers spend more money on vehicles and vehicle-related items in their lifetimes than any other products. From struts to swaybars, leases to lugnuts, recalls to repairs, engines to exhaust systems, transmissions to timing chains, car care to safety, buying or selling.....*AMERICA'S CAR SHOW* is radio at its best -- a Revenues, Ratings...Results winner!

Discussing the move to FM 92.9 WBUF, Tom Torbjornsen said "The decision to separate from CBS Radio was a difficult one but this opportunity to join AM 1270 WHLD was just too great. I am proud to be joining Buffalo's fastest growing talk station as they're developing a strong radio station and I'm eager to do my part to ensure WHLD dominates. Throughout my years in the automotive business, treating customers with respect was paramount. It's the same with my listeners on radio, or viewers on WIVB-TV Channel 4, and I see this same philosophy at WHLD-AM in how they treat their employees, clients, advertisers and most importantly the listeners. *AMERICA'S CAR SHOW* was born out of my personal passion to better educate and empower consumers since historically there has been a lot of distrust between the auto industry and the public. I arm my listeners with the essential knowledge and resources to spend their hard-earned dollars effectively, and to approach purchases of vehicles or car maintenance with confidence. Also, I work hard to keep my audience informed of relevant automotive news such as recalls, safety issues, changes in inspection laws and related info that people want to know about. And I'm crazy about all the great new aftermarket items hitting the stores seemingly daily. Fasten your seatbelts Buffalo, and enjoy the ride with me as *AMERICA'S CAR SHOW* opens the throttle for a great ride on AM 1270 WHLD each Saturday."

For radio at its best, tune-in to *AMERICA'S CAR SHOW WITH TOM TORBJORNSEN* every Saturday from 11a-2p ET on AM 1270 WHLD in Buffalo, NY starting this weekend!
